

HOTELS

A limited contingent of rooms has been reserved at the hotel listed below. Please state **"TMT Workshop"** as a code when booking.

- Gästehaus der TU-Dresden „Am Weberplatz“
Weberplatz 3 · 01217 Dresden (0,7 km to the IHD)
Phone: +49 351 467 9300
gha@mail.zih.tu-dresden.de
www.tu-dresden.de/gaestehaus
Prices DR: 80,00 Euro
- Dorint Hotel Dresden
Grüner Straße 14 · 01069 Dresden
Phone: +49 351 491 50
reservierung.dresden@dorint.com
www.hotel-dresden.dorint.com
Prices SR: 104,00 Euro | Prices DR: 134,00 Euro

You will find further information on travel and accommodation on www.dresden.de.

VENUE

Institut für Holztechnologie Dresden gemeinnützige GmbH (IHD)
Zellescher Weg 24 · 01217 Dresden · Germany
Phone: +49 351 4662 0 · Fax: +49 351 4662 211

ARRIVAL

by airplane
airport Dresden International > train S2 stop Dresden Hauptbahnhof > tram 11, direction Zschertnitz, stop Zellescher Weg

by car
freeway A4/A17, exit Dresden Südvorstadt > direction city center
freeway A13/A4, exit Dresden Hellerau > B 170, direction Prag (Prague)

by train
stop Dresden Hauptbahnhof/Dresden Neustadt > tram 11, direction Zschertnitz, stop Zellescher Weg

by bus
line 61, stop Staats- und Universitätsbibliothek (SLUB)

11th European TMT Workshop

SCIENCE BY EXPERTS

CONTENT

The 11th European TMT Workshop (ETW11) will once again bring together the community around thermally modified timber and beyond. The comprehensive programme includes contributions on the topics „Technologies“, „Quality Assurance“ and „Applications and Market“. The speakers represent research and testing as well as plant engineering, TMT production and trade. Beside the knowledge transfer, the workshop will provide an opportunity for professional and personal exchange with business partners and experts.

The workshop will be conducted in hybrid format; the conference language is English.

The workshop series was started in 2003, some years after the industrial introduction of TMT. In the same year, the European Conference on Wood Modification (ECWM) was established. After many successful TMT Workshops the time has come to rethink the concept, particularly in light of ECWM, with a similar content and target group. Hence, we decided that the 11th TMT Workshop will be the last independent one and will then be merged into ECWM. This will happen by a combined conference, which will take place in Dresden in 2026, organised by IHD.

BOOKING

Registrations are possible not later than 20 February 2023 by using our online form under www.ihd-dresden.de or an e-mail to amelie.neugebauer@ihd-dresden.de. We offer an early bird fee of 350 Euro (instead of 400 Euro) by 6 January 2023.

Contact: Ms Amelie Neugebauer, Phone +49 351 4662 397

GET TOGETHER

Thursday, 2 March 2023 at 7:30 pm.

Thursday, 2 March 2023

- Chair: Prof. Holger Militz (Georg-August-Universität, Göttingen)
- 11:30 ■ Registration, refreshment
- 12:00 ■ Welcome notes by Prof. Steffen Tobisch, institute director, and Dr. Wolfram Scheiding, conference chair
- 12:10 ■ TMT in the year 2023 – an update
Dr. Wolfram Scheiding (IHD, Dresden)
- 12:30 ■ TMT manufacturing and application in France – a survey and new opportunities
Prof. Philippe Gerardin (Université de Lorraine, Nancy/FR)
- 13:00 ■ TMT beyond the Atlantic: activities in thermal modification in the Americas
Michael Lausch (MAHILD Drying Technologies, Nürtingen)
- 13:30 ■ Comparison of different modification processes for treatment of Eucalyptus
Prof. Holger Militz (Georg-August-Universität, Göttingen)
- 14:00 coffee break
- The session is musically framed by Frank Fröhlich, Dresden, with guitars made of various woods, including TMT.
- 15:00 ■ Densification and thermal curing of resonance wood
Dipl.-Ing. Tobias Dietrich (Technische Universität, Dresden)
- 16:00 ■ The sound of Thermoholz: Award-winning guitars made from TMT
Armin Hanika (Hanika Gitarren, Baiersdorf)
- 16:30 ■ End of the first event day
- 19:30 ■ Get together

Friday, 3 March 2023

- Chair: Dr. Wolfram Scheiding (IHD, Dresden)
- 09:00 ■ Durability testing of thermally modified timber: methods and results
Dipl.-Ing. Kordula Jacobs (IHD, Dresden)
- 09:30 ■ Microbial discolouration of outdoor timber: phenomenon and importance
Dipl.-Biol. Katharina Plaschkies (IHD, Dresden)
- 10:00 ■ Twenty-five years of experience with TMT projects
Dipl.-Ing. Matthias Ewert (HOKA GMBH GERMANY, Berlin)
- 10:30 coffee break
- 11:15 ■ Role of modified wood in the German timber trade
Dipl.-Holzwirt Florian Zeller (Gesamtverband Deutscher Holzhandel GD Holz, Berlin)
- 11:45 ■ Application potential of thermally modified North American hardwoods
Neil Summers (American Hardwood Export Council, London/UK)
- 12:15 ■ A new practical guide for wooden decking
DI Claudia Koch (Holzforschung Austria, Wien/AT)
- 12:45 ■ Conclusions, summary
Dr. Wolfram Scheiding (IHD, Dresden)
- 13:00 ■ End of workshop
